About Country Splash

Country Splash reimagines the country music festival experience.

No dusty fields. No distant stages. No overcrowded grounds.

Instead beachfront performances, daytime beach parties, sunset sets, wellness experiences, and luxury resorts all woven into one immersive weekend in Cabo San Lucas.

Designed for just 5,000 guests, Country Splash is an intimate destination festival that brings fans closer to the artists, the music, and the overall experience through a curated blend of live country music, travel, nightlife, and elevated hospitality.

This is Year One. It won't stay this small.
